

Buoyancy Aid Exemption Form Jan 2020

Whilst Norwich Canoe Club is an amateur sports club it endeavors to operate in a professional manner and provide a safe environment for all of its members to enjoy the sport of canoeing. Water presents different hazards subject to the, weather, flow, temperature, the potential time spent in it and potential hidden hazards such as weed. The risks of cold shock, hypothermia and drowning are clear and present. One thing that can make a critical difference to survival if capsized (especially in cold weather periods) is the wearing of a buoyancy aid.

However it is common practice amongst flat water canoeists to not wear buoyancy aids once they have progressed to Division 6 standard. The wearing of buoyancy aids is mandatory at all times for Norwich Canoe Club paddling members ranked in Division 7 or lower.

The Norwich Canoe Club policy for the wearing of buoyancy aids by its junior paddling members is as follows:

- Junior members who are under 18 and ranked Marathon Division 6 and above must wear a Buoyancy Aid unless the Head Coach or Coach-in-charge views that they have the level of competence so that the risk of capsizing is low and the parent or person legally responsible for the junior has given their consent.
- The Head Coach or Coach-in-charge can offer their view of a juniors paddler's ability however the Club will only allow a junior to not wear a buoyancy aid if the parent or person with legal responsibility for the junior has given their informed consent.
- Please return the form to the Club where it will be kept in the BA exemption file. The Club will then act in accordance with your instructions.
- Please note that despite your instructions that Norwich Canoe Club reserves the right to insist on juniors wearing buoyancy aids and whistles. This could also be the case for races and events that juniors attend where the wearing of a buoyancy aid may be mandatory.
