

# RISK ASSESSMENT – NORWICH CANOE CLUB

<b>Location/Activity:</b> Uni Hockey		<b>Date of Assessment:</b> 09/01/2023			
This risk assessment has been carried out to ensure any hazards that may be presented to any member of Norwich Canoe Club whilst playing Uni Hockey at any location are adequately controlled.					
<b>What are the hazards?</b> (List <u>significant</u> hazards)	<b>Who might be harmed?</b>	<b>How they might be harmed</b>	<b>What we currently do?</b> (Current Controls)	<b>Do we need to do anything else to manage this risk?</b> (Further Controls)	<b>Done</b>
Location and environment	Players	Slips, trips, falls caused by a poor surface, insufficient lighting	A check will be carried out of the current risk control measures in place at the location. This would normally be achieved by obtaining a copy of the risk assessment carried out by the responsible person at the location being used	Ensure coaches are familiar with any requirements of the risk assessment	
Physical contact	Players / coaches	Cuts, bruises, broken teeth, slips, contact injury	<ul style="list-style-type: none"> <li>• All participants should wear shoes / trainers.</li> <li>• Warm up exercises should be carried out for all participants prior to playing.</li> <li>• Any medical conditions are known to coaches as listed on Norwich Canoe Club membership forms.</li> <li>• Coaches will brief participants and confirm that any additional medical conditions are declared.</li> </ul>	Ensure a full briefing is carried out prior to commencement. Coaches to monitor behaviour of all participants throughout	

# RISK ASSESSMENT – NORWICH CANOE CLUB

Slip / Trip / Fall	Players	Contact injury, ligament, muscle injury	Coaches to brief all players regarding suitability of footwear. Footwear must be suitable, in good condition which means that treads should be in suitable condition, no faulty soles or extra long laces. All persons should be wearing appropriate clothing	Coaches to brief all participants.	
			Coaches to ensure the location has sufficient lighting in place	Check to be carried out by coaches	

DO THE ABOVE CONTROL MEASURES ADEQUATELY REDUCE THE RISKS?

YES/~~NO~~?
